Collagen Mask

A collagen mask enhances skin appearance and health by boosting firmness, elasticity, and hydration. As natural collagen production declines with age, these masks help reduce wrinkles and fine lines, improve elasticity, enhance radiance, and support skin repair, making them a popular choice for maintaining a youthful, healthy look.

Nacre Mask

A nacre mask enhances skin radiance, evens out tone, and reduces spots and discoloration. It deeply hydrates, smooths texture, and promotes cell regeneration, giving the skin a fresh, youthful glow. Ideal for those seeking a brighter and more even complexion.

Seaweed Mask

A seaweed mask revitalizes and nourishes skin with vitamins, minerals, and antioxidants. It deeply hydrates, improves elasticity, combats aging, purifies, and reduces pores. It also soothes irritation, leaving skin softer and more balanced, making it ideal for a rejuvenated and healthy complexion.

VIP Memberships

Then there are choices to be made. Would you prefer the Brazilian tanning? The manual spray brush? Upright or lay-down tanning beds? And even a self-tanning mousse that won't leave you patchy.

Whether you are getting ready for your next cruise vacation, or want to look spectacular wearing your white wedding gown. Membership levels can be customized based on your particular needs.
